BRAIN FLIP

Your brain will get confused.
Will you be able to keep your head clear?

Display a number of cards on the table.
Mentally pick one and prepare to answer the players' questions.

1

The players will try to guess the card you picked by asking questions that have to be answer only by YES or NO.

2

You must always answer the opposite. It looks simple, but it will trick their brains.

3

Don't get confuse!
Play smart and find the hidden card!

Tally the points to see who is the *Winner!*
