

MIGHTY MICEY

MIGHTY MICE

Place an elephant at the center of the table. This elephant serves as the base of the tower of mice and elephants.

Each player receives a number of mice. In turn, players roll the die and according to the result, place either mice or an elephant on the tower.

A steady hand, clear thinking and a bit of luck are important. If any of the mice fall, you have to take them back! The first player who succeeds in placing all their mice on the tower - wins!
